

Independent assurance Report

To the management of the TAIWAN-CA INC. :

Scope

We have been engaged, in a reasonable assurance engagement, to report on TWCA management's assertion that for its Certification Authority (CA) operations at Taipei and Taichung, Taiwan, throughout the period January 1, 2017 to December 31, 2017 for its CAs as enumerated in Appendix, TWCA has:

- Disclosed its extended validation SSL certificate lifecycle management business practices in its:
 - TWCA Root Certification Authority Certification Practice Statement V1.2; and
 - TWCA EV SSL Certification Authority Certification Practice Statement V1.3; and
 - TWCA Public Key Infrastructure Policy V2.0including its commitment to provide EV SSL certificates in conformity with the CA/Browser Forum Guidelines on the TWCA website, and provided such services in accordance with its disclosed practices.
- Maintained effective controls to provide reasonable assurance that:
 - the integrity of keys and EV SSL certificates it

manages is established and protected throughout their lifecycles; and

- EV SSL subscriber information is properly authenticated for the registration activities performed by TWCA
- Maintained effective controls to provide reasonable assurance that:
 - requests for EV SSL certificates are properly authenticated; and
 - certificates issued to EV SSL Authorities are not valid for a period longer than specified by the CA/Browser Forum
 - maintained effective controls to provide reasonable assurance that its EV SSL Authority is operated in conformity with CA/Browser Forum Guidelines

in accordance with the WebTrust Principles and Criteria for Certification Authorities – Extended Validation SSL Version 1.6.0.

Certification authority's responsibilities

TWCA's management is responsible for its assertion, including the fairness of its presentation, and the provision of its described services in accordance with the WebTrust Principles and Criteria for Certification Authorities - Extended Validation SSL Version 1.6.0.

Our independence and quality control

We have complied with the independence and other ethical requirements of the Code of Ethics for Professional Accountants issued by the International Ethics Standards Board for Accountants, which is founded on fundamental principles of integrity, objectivity, professional competence and due care, confidentiality and professional behavior.

The firm applies International Standard on Quality Control 1, and accordingly maintains a comprehensive system of quality control including documented policies and procedures regarding compliance with ethical requirements, professional standards and applicable legal and regulatory requirements.

Auditor's responsibilities

Our responsibility is to express an opinion on management assertion based on our examination. Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants/CPA Canada. This standard requires that we plan and perform our procedures to obtain reasonable assurance about whether, in all material respects, management's assertion is fairly stated, and, accordingly, included:

- (1) obtaining an understanding of TWCA's EV SSL certificate lifecycle management business practices, including its relevant controls over the issuance, renewal, and revocation of EV SSL certificates;
- (2) selectively testing transactions executed in accordance with disclosed EV SSL certificate lifecycle management practices;
- (3) testing and evaluating the operating effectiveness of the controls;

and

- (4) performing such other procedures as we considered necessary in the circumstances.

We believe that the evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Relative effectiveness of controls

The relative effectiveness and significance of specific controls at TWCA and their effect on assessments of control risk for subscribers and relying parties are dependent on their interaction with the controls, and other factors present at individual subscriber and relying party locations. We have performed no procedures to evaluate the effectiveness of controls at individual subscriber and relying party locations.

Inherent limitations

Because of the nature and inherent limitations of controls, TWCA's ability to meet the aforementioned criteria may be affected. For example, controls may not prevent, or detect and correct, error, fraud, unauthorized access to systems and information, or failure to comply with internal and external policies or requirements. Also, the projection of any conclusions based on our findings to future periods is subject to the risk that changes may alter the validity of such conclusions.

Opinion

In our opinion, throughout the period January 1, 2017 to December 31, 2017, TWCA management's assertion, as referred to above, is fairly stated, in all material respects, in accordance with WebTrust Principles

and Criteria for Certification Authorities - Extended Validation SSL
Version 1.6.0.

This report does not include any representation as to the quality of TWCA's services beyond those covered by WebTrust Principles and Criteria for Certification Authorities - Extended Validation SSL Version 1.6.0, nor the suitability of any of TWCA's services for any customer's intended purpose.

Use of the WebTrust seal

TWCA's use of the WebTrust for Certification Authorities – Extended Validation SSL Seal constitutes a symbolic representation of the contents of this report and it is not intended, nor should it be construed, to update this report or provide any additional assurance.

**Assertion of Management as to
its Design of its Business Practices and its Controls Over
its Certification Authority Operations
during the period from January 1, 2017 through December 31, 2017**

March 9, 2018

The management of TAIWAN-CA INC. (TWCA) has assessed the disclosure of its certificate practice and its controls over its EVSSL services located at Taipei and Taichung, Taiwan. Based on that assessment, in TWCA Management's opinion, in providing its EV SSL CA services for the following root and issuing CAs list in **appendix** to this assertion letter. TWCA EVSSL Certification Authority CA has:

- Disclosed its EV Certificate life cycle management practices and procedures, including its commitment to provide EV Certificates in conformity with the CA/Browser Forum Guidelines, and provided such services in accordance with its disclosed practices.
- Maintained effective controls to provide reasonable assurance that:
 - ✓ EV Subscriber information was properly collected, authenticated (for the registration activities performed by TWCA) and verified, and
 - ✓ The integrity of keys and EV certificates it managed was established and protected throughout their life cycles,

in accordance with the WebTrust for Certification Authorities -
Extended Validation Audit Criteria Version 1.6.0.
